

NRW remains social!

## **Demonstration on 13.11.2024 in Düsseldorf**

The draft budget for 2025 of the government of North Rhine-Westphalia (NRW) proposes cuts of 83 million euros in many social services. We will not accept this! If these cuts are implemented, they will have visible and tangible consequences for many people in our state. The social infrastructure will be weakened and support services for many groups will be reduced. Providers, employees and volunteers in the social sector will face even greater burdens. With this draft budget, the government of North Rhine-Westphalia (NRW) will further intensify shortage management in welfare and social work. We demand more support for social institutions than just empty promises.

We will demonstrate together for this on 13 November 2024 in Düsseldorf! Join us and take to the streets - to keep NRW social!

- 12:05 Uhr: Rally at Rheinwiesen Düsseldorf (between Rheinknie-Brücke und Oberkasseler Brücke)
